The RRM – a game changer

The Goal

15% access to HE by 2030

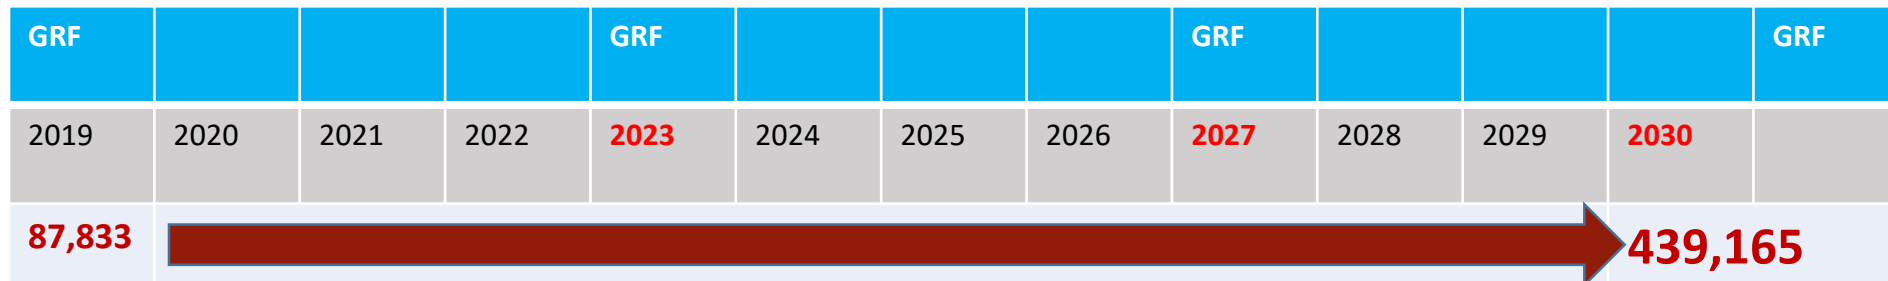

#15/30

The small but significant shift to 3 per cent enrolment in 2018 means that there are now a total of 87,833 higher education refugee students.

UNHCR, Stepping Up, Refugee Education in crisis, 2019

The goal for 2030 is to achieve enrolment of 15% of college-eligible refugees in tertiary education or connected higher education programmes in host and third countries”

UNHCR, Refugee Education 2030, 2019

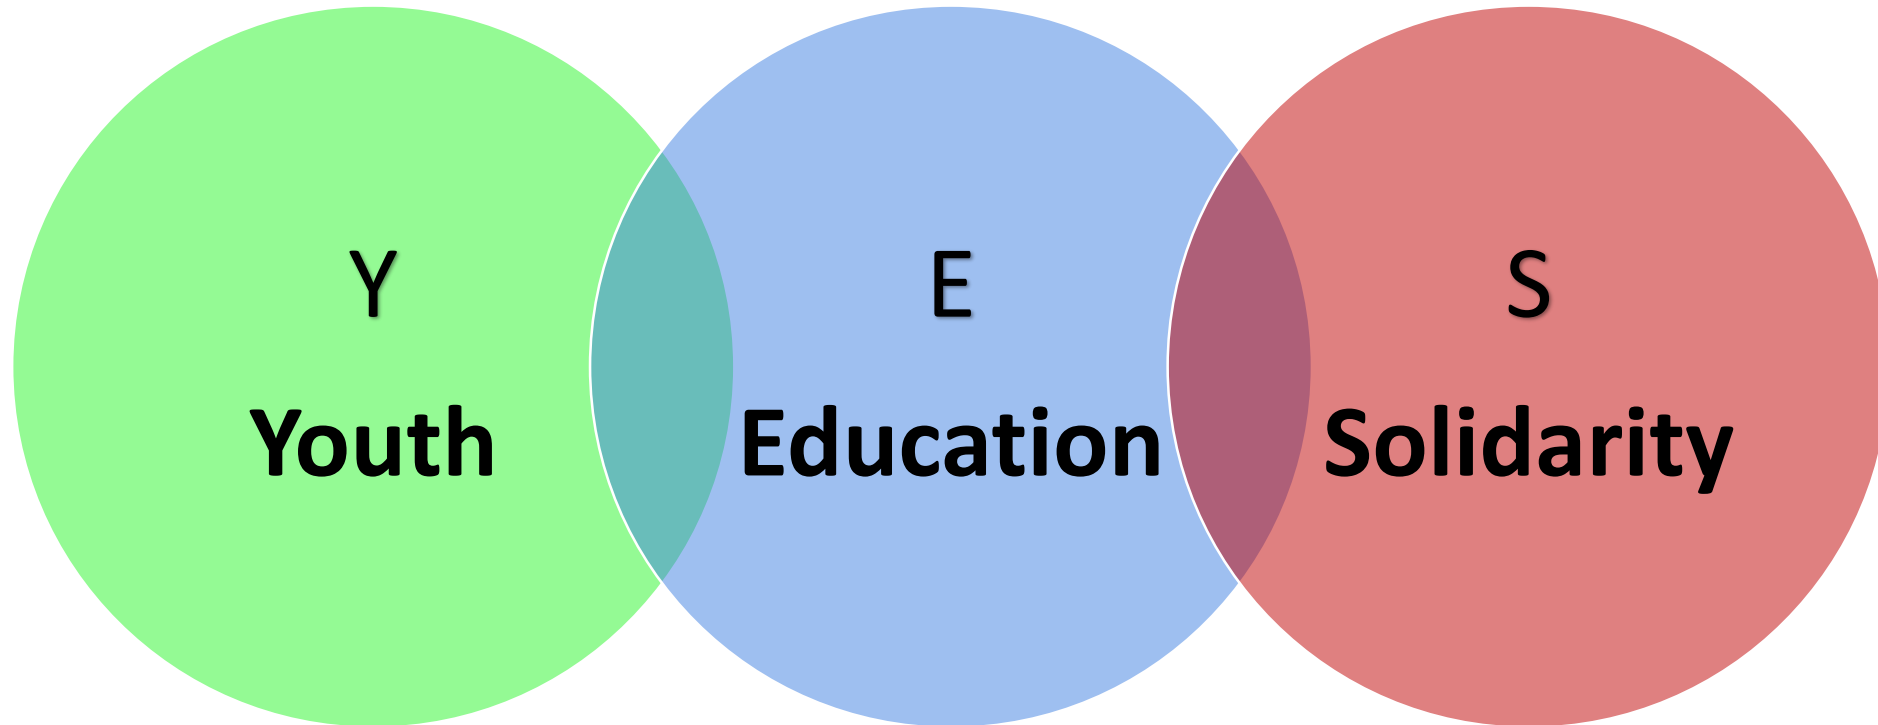

INNOVATIVE FINANCING TOOLS
ARE NEEDED

Donations

The catalyst: The YES! tools

YES! stands for

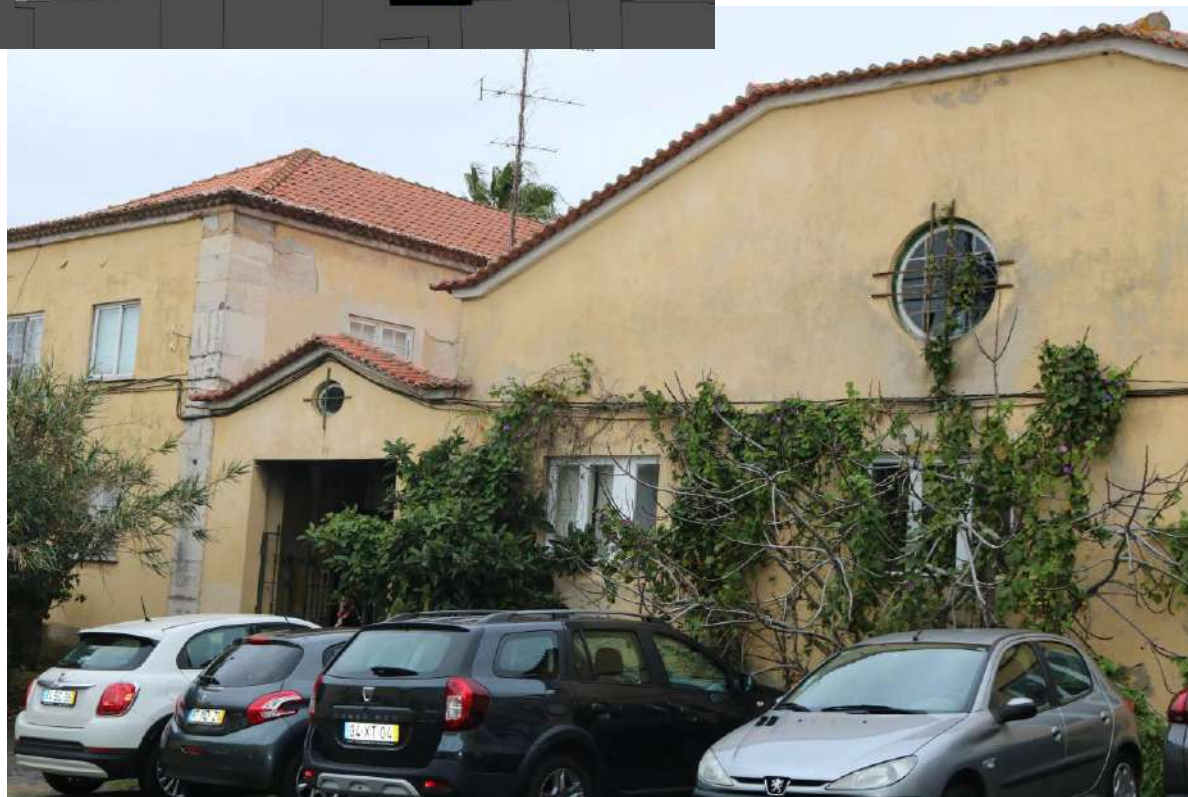

YES! FUND

There are 70,8 million of refugees across the world. Only 3% have access to higher education. There are 230 million higher education students in the world. 1€/year from each student means 230 million euros annually. Education is emerging. And this fund too. More info at your Students' Union.

Universit Y RESidence

The global COVID-19 crisis

What will the world look like after COVID-19?

What will be the impact of COVID 19 higher education in emergencies?

“We cannot afford new COVID19 lost generations of university graduates” (President Sampaio)

SO BOLD ACTION IS NEEDED NOW

Together we can make it happen
